CELEBRATING SPACE - SEMINAR

Looking at the stars
I see an alien spaceship.
We are not so safe.

Antoni, Franciszek, Andrzej

Space is a great place
where all stars and planets shine.
The darkness of life.

Liliana, Łucja, Gabriela (7a)

Looking at the sky.
Thinking about astronauts.
What if they weren't there?

Paweł (8a)

Space is very big.
You can see many planets
where aliens can be.

Kalina, Magdalena

Space is beautiful.
Galaxies have thousands of stars.
They shine every night.

Ania, Dominika, Milena

CELEBRATING SPACE - SEMINAR

Space is full of stars,
magical places, like Mars.
Always in our minds.

Sara, Ela (8a)

Space is very dark,
mysterious and scary.
You can see planets.

Gabriela, Karolina (8a)

We love Space a lot.
Feeling great when the Moon shines,
the stars shine along.

Tomasz, Gabriel, Oktawian

Spacious, galaxies & stars.
Going through our small planet
a travelling cat.

Wojciech, Adam, Filip

The Polish spaceman,
flying the Dragon rocket.
Looking at the stars.

Jan, Piotr (8a)

So many cool stars.
Mystery is in vast Space.
We can't count them all.

Helena, Antonina (8a)

Space is very big.
You can see many planets
where aliens can be.

Kalina, Magdalena

When it's a dark night
I'm watching beautiful stars
thinking about life.

Helena

I travelled in Space.
It was a forbidding place!
I was not amazed.

Tymon, David, Marysia

The Sun is shining.
Space-bound rockets are flying
through spiral galaxies.

Filip (8a)

Sara, Ela (8a)

In Space, some stars are
really big and shiny.
Space is a vast place.

Antoni, Adam (7a)

Looking at the sky,
thinking about astronauts.
What if they weren't there?

Paweł (8a)

Wanna find my way,
gonna be an astronaut.
Unexplored Space waits.

Maksymilian (7a)

You are a cool st★r,
No matter where I see you
... see your real face.

Karina (8a)
